

#931337-225CC

Lipotropic factors, choline and inositol help keep lipids (fats) emulsified in the bloodstream and help reduce the buildup of unwanted fat in the liver. Folic acid, B₆ and B₁₂ promote proper metabolism of homocysteine, which supports a healthy antioxidant response to LDL cholesterol, free flowing circulation and overall arterial wall health.*

Betaine hydrochloride works in conjunction with B₁₂, hesperidin and bioflavonoids support overall product effectiveness.

Store in a cool, dry place, away from direct sunlight.

Packaged with safety seal.

DISTRIBUTED BY:
GNLD International, LLC.
3500 Gateway Blvd.
Fremont, CA 94538 U.S.A.
